VOLUNTEER TRAINING PROGRAM LAUNCH

The larger part of the month of April has been to train the volunteers on how they can be involved in YfC activities and be part of the Vision and Mission of winning souls of young people to Christ. It was an exciting month as we have seen people coming in our volunteer trainings in Area 25 Chapter, Kasungu Chapter and Likuni Chapter with passion to learn on how they can present the gospel to the lost young people of the nation.

YfC Volunteers in Kasungu were equipped and trained in evangelism and discipleship. After the training volunteers received a copy of Sam Rowland's Book (Ten People) as a resource

50 volunteers have been trained during the month of April and over 300 young people have been reached with the gospel. 200 young people were given opportunity to make a decision for Jesus and 100 of them said yes to Jesus
