This website takes precautions to protect our users' information. When users submit sensitive information via the website, your information is protected both online and off-line. When our registration/order form asks users to enter sensitive information (such as credit card number, social security number, and/or Federal Tax ID), that information is encrypted and is protected with SSL encryption software. While on a secure page, such as our order form, the lock icon on the bottom of Web browsers such as Netscape Navigator and Microsoft Internet Explorer becomes locked, as opposed to un-locked, or open, when you are just 'surfing'. While we use SSL encryption to protect sensitive information online, we also protect user-information off- line. All of our users' information, not just the sensitive information mentioned above, is restricted in our offices. Only employees who need the information to perform a specific job (for example, our billing clerk or a customer service representative) are granted access to personally identifiable information. Our employees must use password-protected screensavers when they leave their desk. When they return, they must re-enter their password to re-gain access to your information. Furthermore, ALL employees are kept up-to-date on our security and privacy practices. Every quarter, as well as any time new policies are added, our employees are notified and/or reminded about the importance we place on privacy, and what they can do to ensure our customers' information is protected. Finally, the servers that we store personally identifiable information on are kept in a secure environment, behind a locked door or cage.

If you have any questions about the security at our website, you can send an email to [info@yfc.org](mailto:info@yfc.org).

We communicate with the user to provide requested services and in regards to issues relating to their account via email, fax, or phone.

### Correction/Updating Personal Information

If a user's nonpublic personally identifiable information changes (such as your zip code), or if a user no longer desires our service, we will endeavor to provide a way to correct, update or remove that user's personal data provided to us.
