

YFC Kenya is passionate towards making Jesus known to all young people in every people group in Kenya and beyond.

We are committed to the wholistic development of young people,

- Spiritually
- Intellectually
- Socially
- Vocationally and
- Physically

Geared to the Times,  
Anchored To the Rock

## WHAT WE DO AND WHY WE DO IT

In partnership with other ministries, we hosted 300 teachers for a 1-week teachers conference with the theme "**Called for Such a Time as This**". This was a new challenge as the conference had to be virtual. It was a new experience for the team and the teachers as well. It can't be overemphasized the need to empower the Christian teachers for service to students. Students spend 75 % of their time with teachers and only about 25% at home or in their local church.

There are no safe spaces for young people. Not in their homes, neighbourhoods, schools or even houses of worship. Many are hurting because of cyberbullying, rejection, abuse, broken homes, poverty etc. In counselling, we help them overcome emotional pain and walk with them on their journey of recovery and healing. This month we walked with 17 young people.

### Prayer Request

Gods guidance as we craft our strategic plan for the next 3 years.

Health and safety for our staff

Financial Provision for the next years programs

The world is rapidly changing, the enemy has been at work with vices like crime, sexual perversion, homosexuality, pornography & corruption taking our young people captive. This has left many young people disillusioned, hopeless and the future looking dim. Their future is up for grabs and if we don't step up they will be grabbed by anything that offers them a solution or catches their attention.

As a result of Covid – 19 Young people have found themselves with a lot of time in their hands. With this unexpected and unplanned time, young people have found themselves engaged in crime, immorality etc. To this end, we started our inaugural Bible Reading Challenge (BRC) whose objective is to encourage young people in kenya to spend this time reading the bible. We had 110 young people participate in the program where they read and wrote an essay based on the book of Judges.

As a result of your support in this strategic ministry, you are investing that will be changing Kenya's tomorrow today. We are grateful for your help in making this vision becoming a reality.

Please join us in raising a new generation that is sound in their beliefs, resolute in their convictions, passionate in their service and steadfast in their commitment.

We have continued with film production with our Kibera team. This involves training them in acting, video editing, camera work, scriptwriting, directing and other aspects of video production. This has attracted a large number of young people who also become members of our bible study groups. One such young person is Vianne who has always dreamt of being an actress. She joined the team in March after her friend shared with her about the ministry. When she joined the team she not only learnt about film production but also about Christ. Within one month she gave her life to Christ and she has been a faithful member of the Kibera bible study. Vianne now knows how to shoot and edit videos and has become a good actress.

In our centre in Riruta teen mentorship program has been ongoing. With many teens idling at home our program has been growing quite rapidly. The young people are being taught skills like baking, beadwork and tailoring. We take this opportunity to teach them the word of God and have devotion 3 days a week. One inspirational story is of Daniel, 14 who joined the program in June. In just 3 months, Daniel is now able to use a sawing machine well and recently made a beautiful bag for his mom.

Because young people are our most valuable assets;

We take the time, effort and resources required to help them discover their God given talents and skills and then provide the opportunities for these skills to be used in outreach to their peers.
